

Z 60 Anilux, leather with a special soft touch!

A milestone in leather processing:

To celebrate 60 years of existence, W.SCHILLIG has introduced an innovative quality leather to present 6 decades of experience: the new Longlife-Softleather "Z 60 Anilux" is the first of its kind and is at the moment unique to the market!

This elegant soft nappa leather was introduced in spring 2009. Its great value makes it the most attractive upholstery leather world wide. Z 60 is just as soft and supple as Aniline leather, has a luxurious, elegant appearance with a fine gloss and is however, easy to clean at an attractive anniversary price. We call it "affordable luxury" emphasizes company manager Erik Stammberger, the inspirer of this exclusive anniversary leather.

The extraordinary softness for this price category and the noble appearance of Z 60 Anilux are achieved through special selection of raw materials as well as a special gentle time consuming production process. Its Longlife finish additionally guarantees an intensive surface protection with optimal comfort and high lightfastness.

With Z 60 Anilux you can feel and experience 60 years know-how!

Z 60 is ideal for customers that not only want a special softness but also easy-to-care leather – and that to an affordable price. Convince yourself and feel the softness, warmth and suppleness from Z 60 in one of the furniture stores – Z 60 is now available in retail stores. The naturalness of Z 60 can be recognised through visible natural characteristics and variable gain texture.

Z60 Anilux offers quality for the highest demands – with proven Longlife-care properties! "Nothing is beats the original!!"
